- **Reason:** Not Blocked

3) Source IP Analysis

- **IP Address:** 172.64.146.197
- **Owner:** Cloudflare, Inc.
- **Location:** San Francisco, California, USA
- **Reputation:** Not flagged internally; likely Cloudflare fronted domain

4) Email Reputation Check

- **Malicious URL:** <http://bestoacmoaltou.net/login.php>
- **Reputation:** Flagged by **10+ security vendors**
- **Threat Type:** Credential harvesting / phishing login page

5) Email Log Analysis

Splunk Search:

```
index=main sourcetype="email_logs" "bestoacmoaltou.net"  
| table _time Sender SenderIP Recipient Email_Subject Action Status  
URL
```

_time	Us er na me	URL Domai n	Res pon se Cod e	HTT P Met hod	A ct io n	Web Cate gory	User Agent	URL
2024-04-06 06:55:00	Ro hit Shah	bestoacmoaltou.net	200	POST	Allowed	Miscellaneous	Mozilla/5.0 (Windows NT 10.0; Win64; x64) Chrome/123.0.0.0 Safari/537.36	bestoacmoaltou.net/login.php

Analysis:

- Phishing email was delivered and not blocked by the gateway.
- Malicious URL included in body, targeting user credentials.

6) Proxy Log Analysis

Splunk Search:

```
index=main sourcetype="proxy_logs" "bestoacmoaltou.net" "HTTP
Method"=POST
| table _time Username "URL Domain" "Response Code" "HTTP Method"
Action "Web Category" "User Agent" URL
```

_time	Us er na me	URL Domain	Res pon se Cod e	HTT P Met hod	A ct io n	Web Cate gory	User Agent	URL
2024-04-07 09:21:00	Rohit Shah	bestoacmoaltou.net	200	POST	Allowed	Miscellaneous	Mozilla/5.0 (Windows NT 10.0; Win64; x64) Chrome/123.0.0.0 Safari/537.36	bestoacmoaltou.net/login.php

Analysis:

- User **submitted credentials** (HTTP POST, status 200).
- Proxy allowed the connection.
- Confirms credential compromise attempt.

7) VPN Log Review

Splunk Search:

```
index=main sourcetype="vpn_logs" "Rohit.Shah"
| table _time user device_name source_ip mfa_status
authentication_method Message session_status
```

- **No evidence** of VPN login attempts from attacker.
- **No credential misuse detected** post-compromise.

- Only Rohit Shah targeted; no lateral spread.

8) Actions Taken

- **Blocked** domain bestoacmoaltou.net at **email gateway & proxy**.
- **Blocked** phishing URL at **proxy**.
- **Forced password reset** for Rohit Shah.
- **Terminated** all active sessions linked to Rohit Shah's account.
- **User Awareness:** Rohit Shah instructed to revisit **anti-phishing training**.

9) Conclusion & Impact

- **Detection:** True Positive – Phishing
- **Threat:** Credential harvesting attempt via phishing email
- **User Impact:** Rohit Shah submitted credentials, but **no misuse detected**
- **Data Loss:** None
- **Business Impact:** Minimal, prevented further compromise
- **Final Status:** Credentials reset, domain blocked, user trained – **Ticket Closed**
